# NOW HIRING: IN-PERSON THERAPISTS

If you've always felt drawn to trauma work — to helping people heal not just their symptoms, but their stories — we'd love to meet you.

## What it offers:

- Paid supervision + trauma specialization training
- Sponsored certifications (EMDR, CCPS, ERECM, Gottman)
- Deep mentorship in a warm, grounded environment

This is an in-person only role — because we believe healing, mentorship, and connection happen best in the same room.
